Counseling in Holland High is an important part of education as both Mrs. Van Lente and Mrs. Dyk will tell you if you should ever happen to visit them. If one does not shape up, one does not receive mercy at the hands of one's counselor nor does one command respect. Thou shalt be understanding, but not always.

Locating a book in our library can sometimes prove to be quite a feat, but Mrs. Donovan and Miss Garter have the situation well in hand. Unfortunately Mr. Van Lare and Mr. Taylor are unfamiliar with the filing system so the trial and error method will have to suffice. Missing from the picture is Mr. Dewey Decimal.

A shot of our "Beethoven can be fun class" shows our witty, intelligent, masterly, handsome, superior, (we're being blackmailed) high-brow yearbook editor Mr. Chard along with Mr. Spellmacher and Miss VanTatenhove listening to the "Unfinished Symphony." Mr. Anderson, lower right, is trying to finish it.

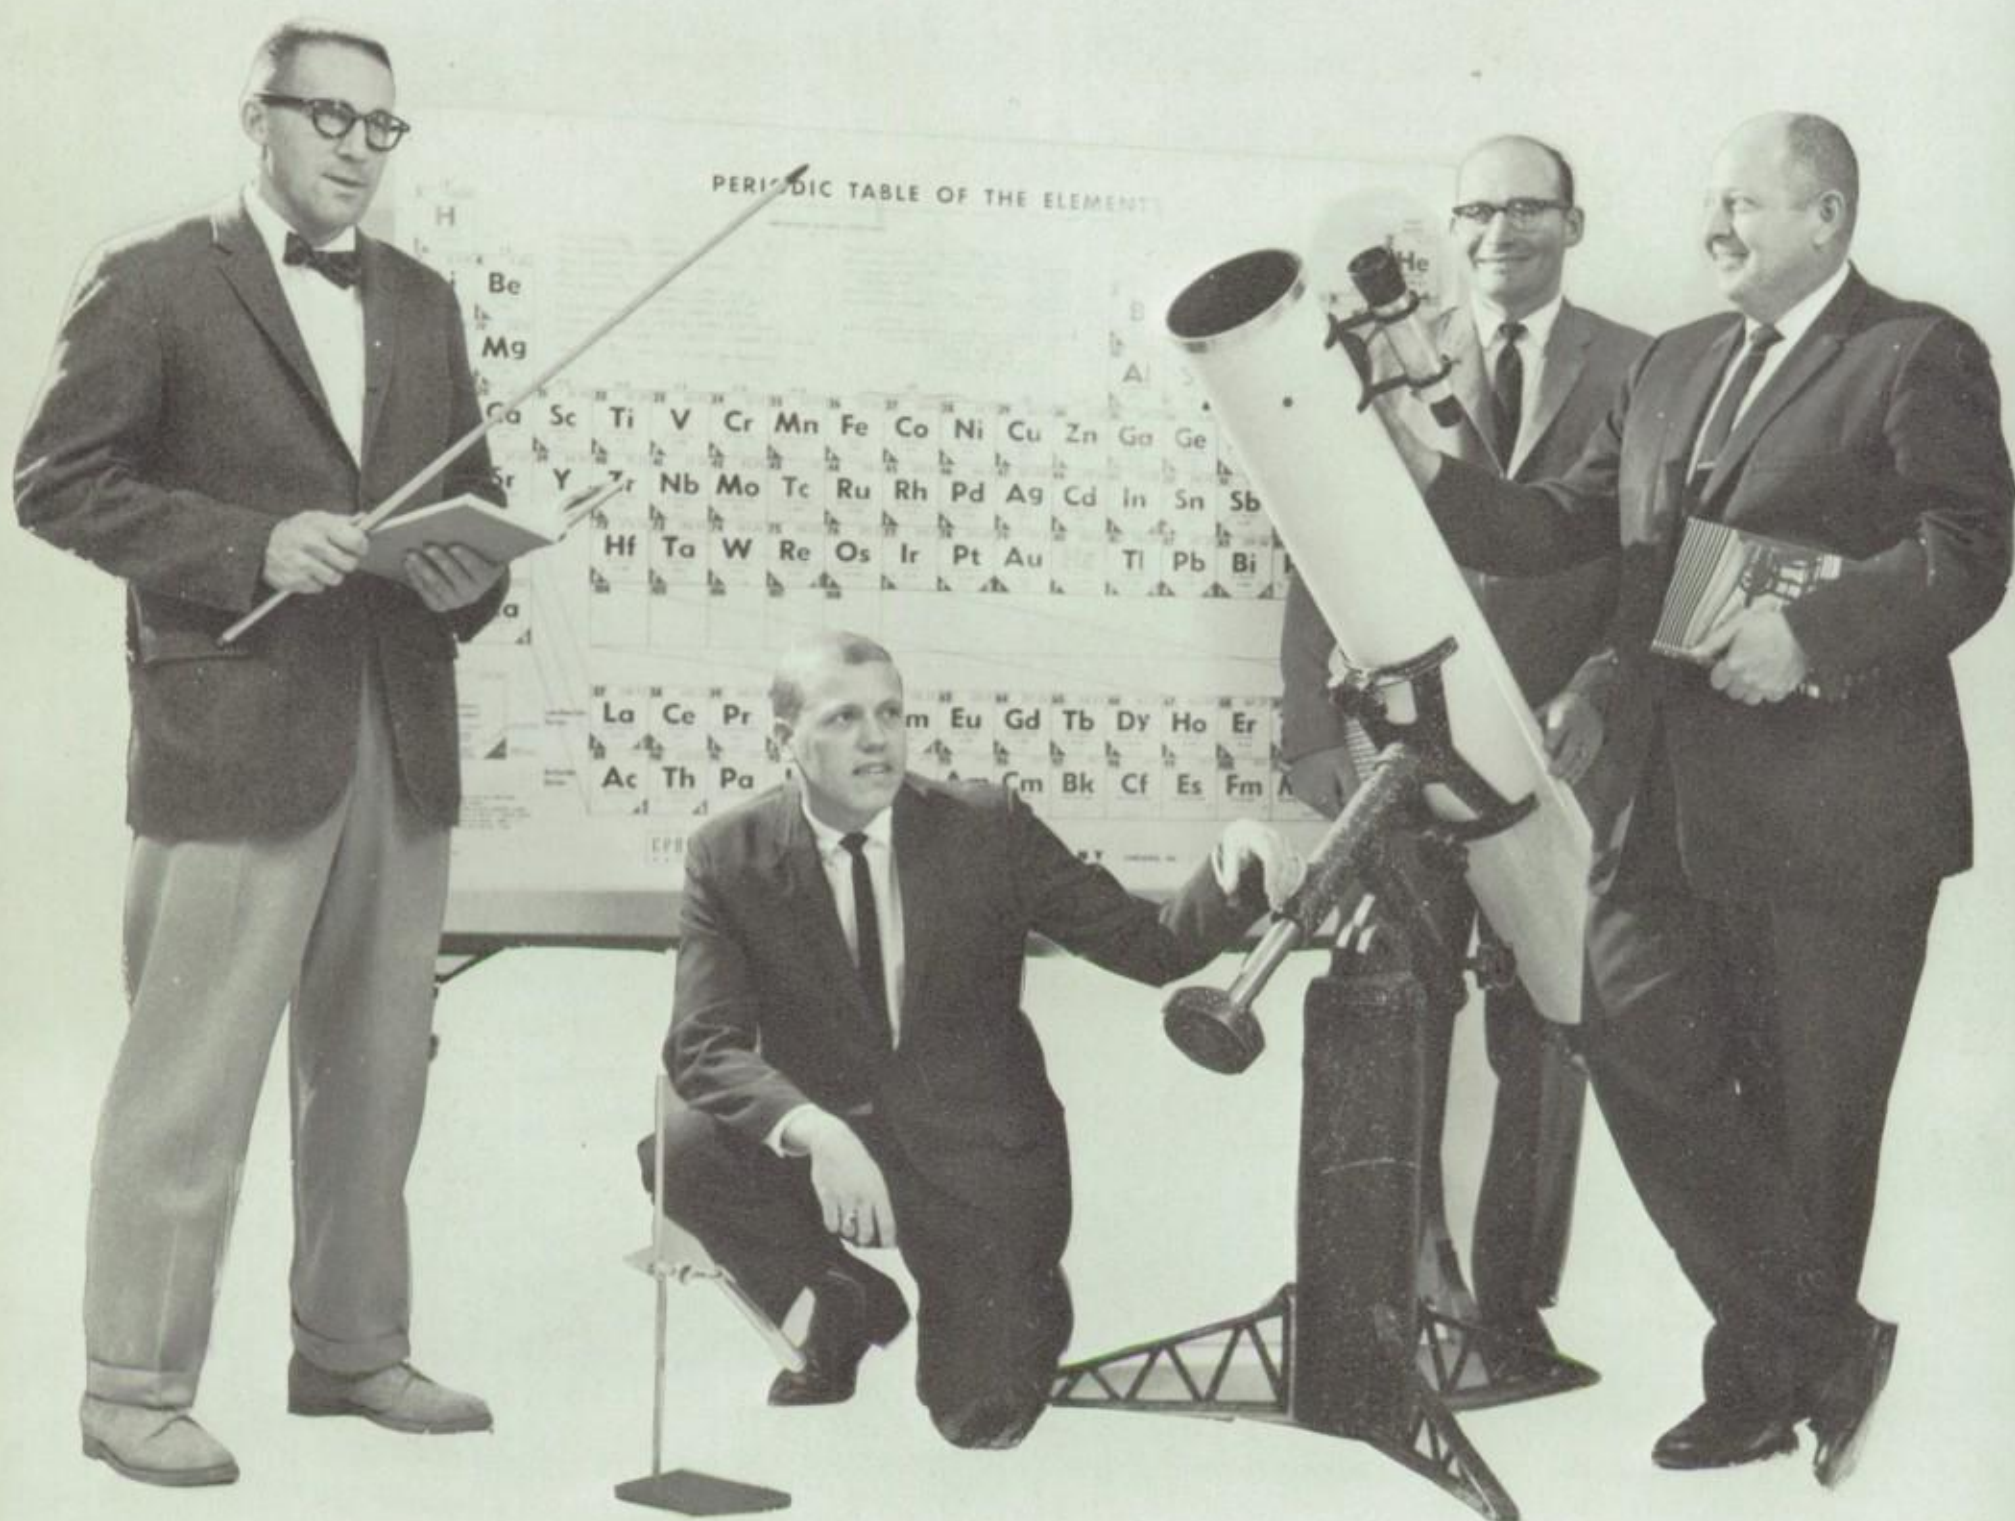

Verne L. Kupelian

Mr. Kupelian, illustrating that the world really is round, displays his knowledge as Mr. Boeve and Miss Lampen look on. It has been said that history is something that never happened written by a man that wasn't there. A lot of us think Mr. Boeve was there.

The historian must have some conception of how men who are not historians behave. The four pictured above have been trying to figure us out for a long time now. Mr. Hanson, better known as "Prof" discusses the Wall Street quotations with Mr. Bauman, Mrs. Vrieling and Mr. Damson. It has been said that the latter is quite skillful with the pointer as a tool of enforced learning.

Although pre-medical courses are rare in the normal high school curriculums, Mr. Bloemendaal has broken with the consensus as his students will attest. Mr. Edewaards and Mr. Plagenhoef gaze in awe as the greatest physics mind that ever walked the face of the earth, Mr. Scobie, calculates the potential energy of Mr. Edewaards' test tube.

Undisturbed by the thought of psychoanalysis, Mr. Zindler has once again taken to his woodland creatures as a source of defense against that ruthless seeker of truth, Mrs. Beukema. Unconscious of his surroundings, our co-valent chemistry coach quietly creates confusion concerning compound microscopes and how he is going to get his finger disengaged from the turret. Test Happy Johnson strikes again.

The space age has affected the whole world—even Holland High as we see Miss De Witt, Mr. Winter, Mrs. Vukin and Miss Howard the ones who are engaged in button pushing. Typing teaches many skills, mainly, how to extricate oranges, bananas, hairpins, and T.M.A.C. trig. programs from the mechanism of the typewriter.

Pictured here are Mr. Runk and Mr. Gebraad checking up on their busy little co-op beavers. Mrs. Esch, the home economics teacher is cooperating this year with Mr. Aussicker in "ironing out" certain sections of the Holland High football films. The visual aids department is very progressive.

Preparation for the rumble after the Grand Haven-Holland basketball game, Mr. Todd, Mr. Tregloan, and Mr. Donovan are shown here cleaning their weapons. We hear Mr. Tregloan is known as "The right angle" in "T" square circles. We wouldn't trust that ax or monkey wrench either.

GOOD LUCK &
BEST WISHES
FOR THE FUTURE.

MR. K

Preparing to give his reaction to the canvas in front of him, Mr. Kisinger is seemingly unaware of Mrs. Wasserman's accuracy with half full paint cans. Beauty is in the eyes of the beholder—and so is a can of paint if Mr. Kisinger solos on his slush-pump.

THOM'S
HORN

Mathematics at Holland High invariably shows more students than any other course. The perpetrators of this plot, namely Mr. Darby, Mr. Pilling, Mr. Wiersma and Mr. Swank are shown here, figuring out new uses for integral calculus on sophomore geometry tests.

Holland High has always been known for its athletic ability—one way or another. Our head coaches in football and basketball, Mr. Jebb and Mr. Piersma are shown here in a strategy conference with Mrs. Ambellas. . . .

Mrs. Boone and Mr. Rynbrandt, our special education teachers, are pictured here in the line of duty. The masterly ability of these two people is a tribute to the philosophy of Holland High and its plan for personalized education.

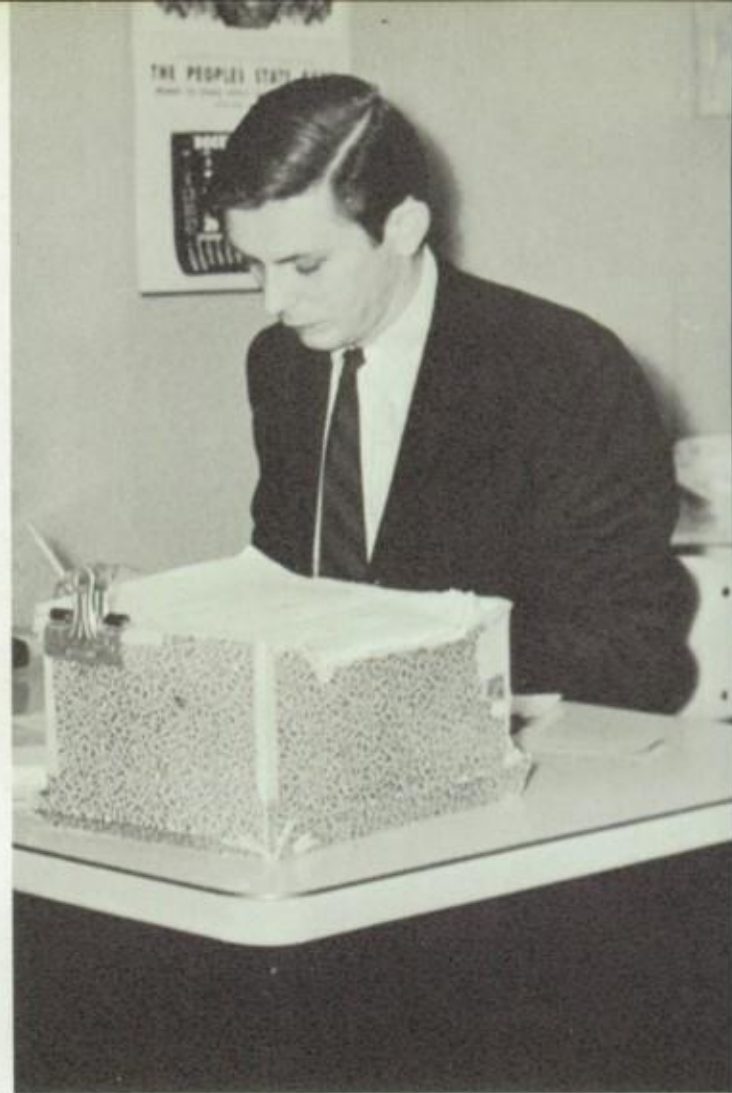

*¡Buena
suerte!

Pictured in this photograph is the language department. Left to right are Miss Watson, Miss Bosman, Miss Zwolsman, Mrs. Royce, and Miss Mulder. The subject in question is the dog who inadvertently ate Miss Mulder's shoes. They are going to put a French lesson on the earphones and blast the shoes out. Bye-bye doggie.

Honorary members of the 1964-65 student council include the exchange students Annica Ostlund, Karin Muller, Ilse Tillman, and executive officer of regions 9 and 13 of MEA student council—Susan Curnick.

An old law maxim says that the laws sometimes sleep, but never die. It may certainly be said that the law is fully aware at Holland High where if one is so disposed as to throw an orange, one lightens one's load by 25%. Here Mayor Dave is being tried to the full extent of the law by Judge Hopkins as Police Chief Hills testifies. The court clerk, Miss Sandy Vande Water, takes down the defendant's confession.

Boomerang photographers catch Judge Hopkins taking bribe money from Chief of Police Hills. Corruption lurks everywhere. We suggest that Craig break down and buy a parking sticker so he won't have to get arrested every time he drives to school.

Although the court system has endured a lot within the last few years, its most gruelling test came this year as the transition from normal court procedure to the Navy court martial system produced a noticeable amount of static. Fortunately, no one has been executed as yet but two weeks in "the hole" is not uncommon. There are inconspicuous examples of court brutality as rope marks denote. This publication is not inclined to ignore the notches on Judge "The Kid" Hopkin's gavel either.

Yearbook editors and Mr. Chard going over finished copy of the Boomerang before censoring board goes over the editors and Mr. Chard.

A vital part of any yearbook is its photography. Here we see the staff photographers developing a series of nighttime pictures in the darkroom. Notice the fine texture and quality of the pictures. Left to right are Fred Schutmaat, Don Justine, Ernie Nelson and Barb Horn.

Boomerang makes first and last deadline.

Feature editor Peg Wich goes over copy for the feature section of the Boomerang with assistants Paul Winter and Charlene Bloomfield. The Boomerang staff featured a lot this year. Unfortunately, most of it was censored before it hit the press.

The class section did an outstanding job this year. Left to right are Sandy VandeWater, Thom Working, editor Tom Williams, Sheryl Vande Bunte, and Linda Lound. This completely unbiased group did not speak or write one word about the rotten Sophomore class or the rotten Junior class and nowhere in this yearbook will you find any inference like this.

Here our business staff consisting of Tim Kragt, Carol VanderMolen, Bill Helder, and Bobbie Hallan are seen balancing a table. It is the fervent hope of our advisor, Mr. Chard, that the books may look the same at the end of the year.

Here the sports staff is seen erecting a monument to sports . . . or something. Left to up to right are John Leenhouts, Ruthie Van Dyke, and Pete Notier.

Future Teachers of America

Language clubs have always been an integral of Holland High's curriculum and this year is no exception. Members of these clubs, shown at left, are all learning more about their respective languages.

FTA and FNA, sponsored by Miss Garter and Mrs. Vukin respectively are two of the three school organizations that promote vocational orientation as an extra-curricular activity. Ski club, in its second year as a chartered organization is one of our most active clubs.

Future Nurses of America

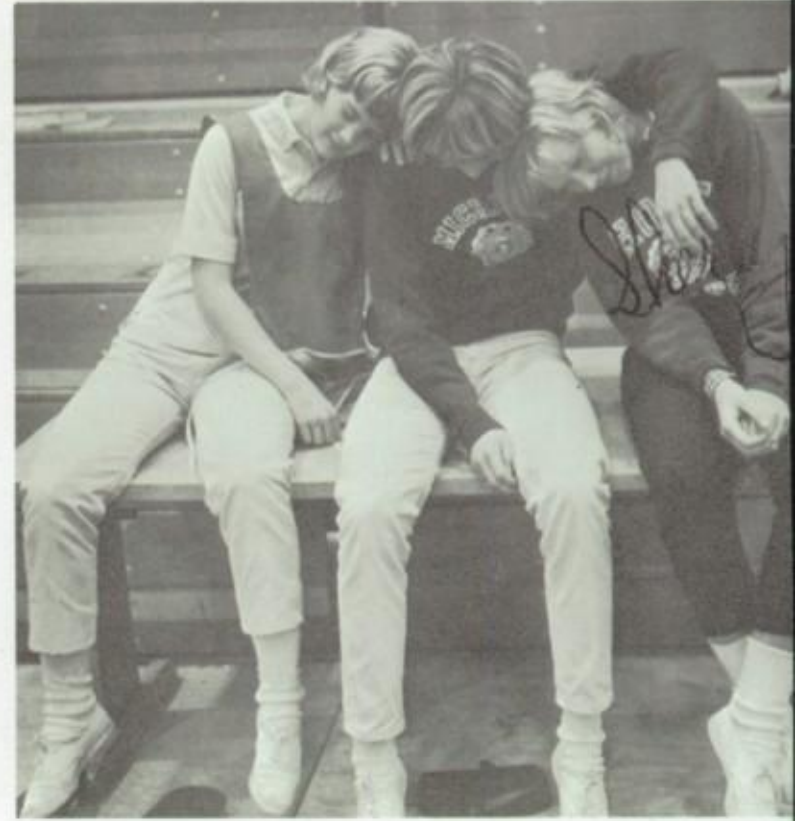

Ski Club
(Future Skiers?)

The Holland High Varsity Club has sponsored many noteworthy activities this past year, the most prominent of which was the winter initiation. The sophomore members will long remember those tiring hours of push-ups, sit-ups, and other associated activities. The junior members will never forget that chorus line at lunch time and the shoe shining at the breaks. The senior members will NEVER forget their compatriot Mike Van Huis.

SPORTS CLUBS

Nine o'clock is just too early.

The Holland High Girl's Athletic Association held Saturday morning work outs every weekend this year with few exceptions. Among their numerous recreational outlets were basketball, volleyball, touch football, and bowling. Mrs. Ambellas sponsored the group much to the envy of the male student body.

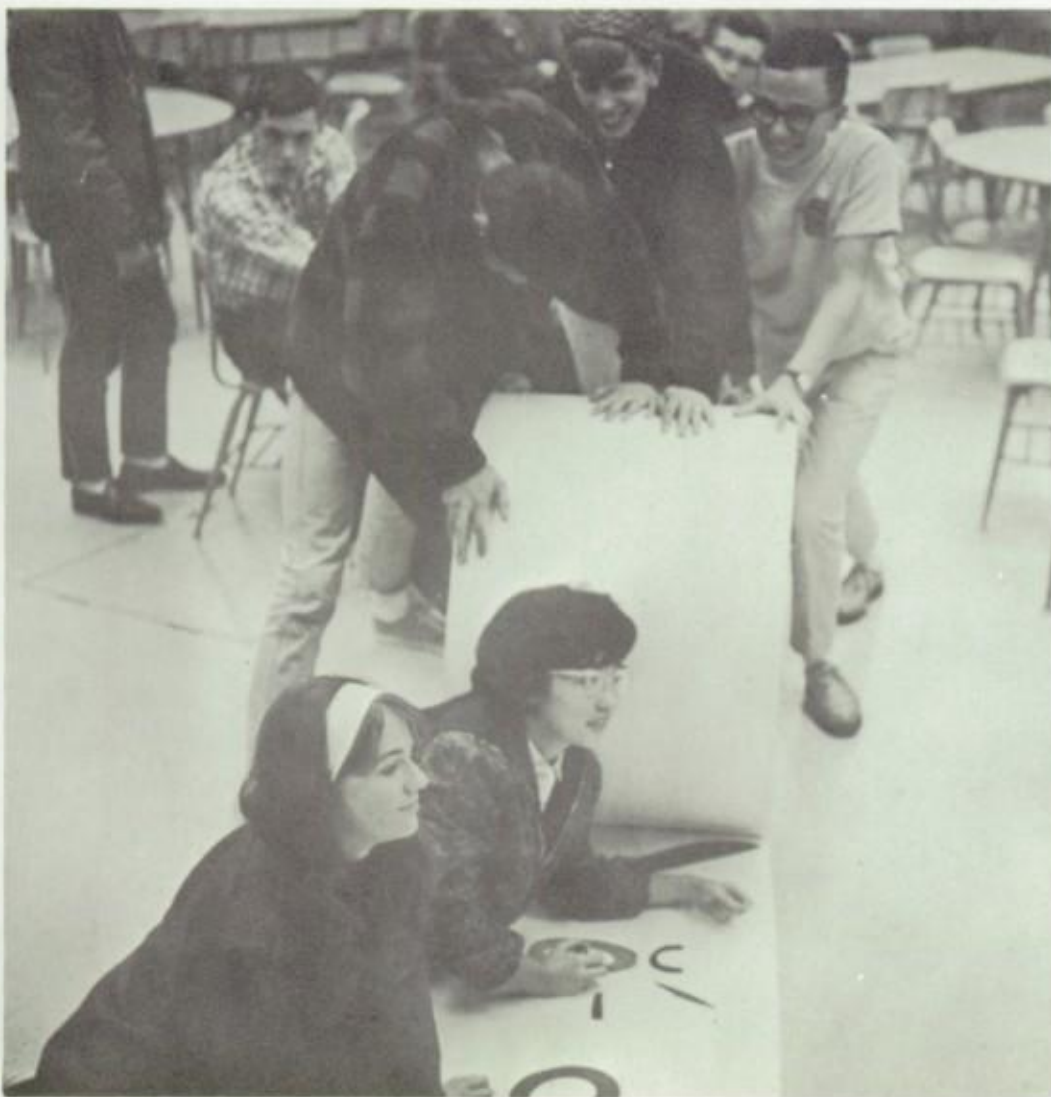

Pub Clubians draw out a poster for the upcoming game with Grand Haven. Keeping the student body full of pep was a full time job this year and Pub Club made the old college try this year during the Fall.

Poster making can be a trying ordeal when one is limited to certain basic concepts that do not conflict with the N.A.A.C.P. or C.O.R.E.

WOLVERINE BOYS' STATE

Wolverine Boys' State is held annually at Michigan State University in East Lansing in the third week of June. The purpose of Boys' State is to instill in every boy the mechanics of government and the perpetuation of the American way of life. The eight day indoctrination included city, county, and state elections highlighted by political rallies, nominating conventions, and election speeches. Special assemblies were held at which select bits of American propaganda were exemplified, the most prominent of which was an emotion packed talk given by the Reverend Robert Richards. While not in special law classes, athletic competition between cities was under way. The final commencement ceremonies were held on 25 June culminating an unusual experience.

WOLVERINE GIRLS' STATE

Wolverine Girls' State is held annually at the University of Michigan in Ann Arbor also in the third week of June. The purpose of Girls' State is the same as that of Boys' State, that is, to promote the basic understanding of the workings of a democracy. The two week period encompassed many facets of American government through lectures and seminar sessions. The Holland girls had an opportunity to show off their Dutch heritage by presenting an exhibition of Dutch Dances not only at Girls' State but at Boys' State also. One cannot fully comprehend the excitement of Boys' State upon hearing that four girls were on campus after five days of complete isolation. Even the Holland boys thought they looked good.

Seated delegates, Barb Stoner and Phyllis Wich. Standing alternates Lynn Oudman and Margo Hakken.

THE NATIONAL HONOR SOCIETY

Members are left to right, bottom; Leslie Nienhuis, Bobbie Hallan, Sue Curnick, Lorraine Miles, Carol Vander Molen. Second row: Vicki Sparks, Colleen Lawson, Alda Grants, Jan Sasamoto, Betsy Aardsma, Elaine Folkert. Third row: Miss De Witt, Julie Haworth, Linda Lound, Sheryl Vande Bunte, Jeff Lubbers, Randy Johnson, Bill Helder, John Leenhouts, David Hamm, Jim Glatz, Miss Lampen. Fourth row: David Havinga, Thom Working, Tom Williams, Tom Turner, Rex Jones. Fifth row: Pete Notier, Pete Rector, Arlyn Ten Kley, Dennis Ferris, Brad Spahr.

THE NASHUNAL HONER SOCIETI

The National Honor Society busied themselves with many activities this year. Along with the operation of the library bookstore, ushering at the Senior graduation exercises, and serving as guides at the parent-teacher conferences, the Society had meetings on occasions which allegedly accomplished something?

This year's Holland High School orchestra consisted of 38 capable members who gave many memorable performances both in and out of school. Under the very able leadership of Mr. William Kisinger, the orchestra fought its way through many a Beethoven and completed a quite successful season.

Breaking centuries of orchestral tradition, this year's orchestra has come out with the "pop" styles and is swinging into an era of reform. At times this becomes somewhat burdensome as exemplified by some of the string section.

Hey! . . . You can't push!

Colenbrander adds two making the total thus far on this page six.

. . . . And then when he crosses the time line, you and Brolin, disguised as cheerleaders, will jump down onto the floor and club him to death with your pom-poms.

Oh but we like it better like this!

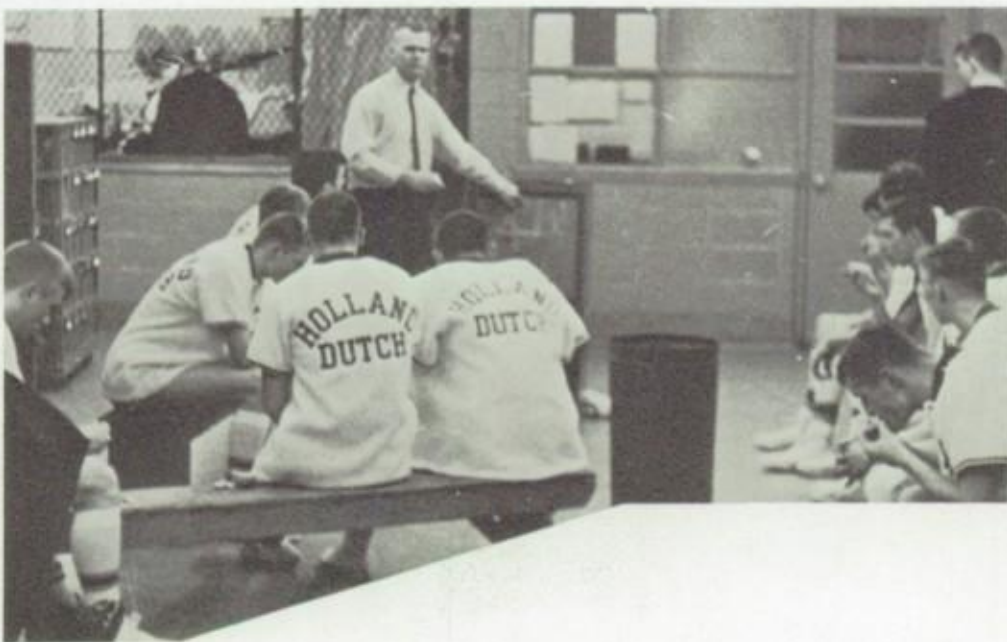

Beltman goes high on fast break.

BASEBALL

Although unseasonable weather hampered March practice sessions it did not stop the fabled Dutch pitching staff from pre-season warm-ups. Practicing bean-ball at left is Pete Rector. Practicing freezing at right is Larry Slenk.

The 1965 Holland High Golf Team sports an impressive record of victories over the past years. Relatively unheralded, the golf team last year set a Lake Michigan Athletic Conference record with 311 strokes. Coach Boeve predicts tough competition in the form of Muskegon and Benton Harbor this year and is looking for a season to equal last year's record. Promising underclassmen on this year's team include Dave Sare, Tom Page, and Jim Schwartz. The team will be led by seniors Mike Doan and Dennis Bobeldyk.

Dennis Bobeldyk, number two returning letterman, displays putting form.

Number one returning letterman Mike Doan shows tee-off form.

..... And if you ever get thirsty out on the course, this number five iron is hollow and serves doubly well as a thermos bottle.

The returning lettermen were: 1st Row: Brian Hill, Ben Philips, Jeff Green. 2nd Row: Bob Brolin, Jim Stroop, Tom Thomas, John Wheaton. 3rd Row: Mike Van Huis, Dennis Ferris, Marc Bosch.

He's got it!!! We see it!! McGregor's did it!!!!

Yes, tennis has been my racket for quite awhile now.

Now Jeff, that's a poor excuse. There's no hole in your racket.

1964-65 Athletic Sisters

"Do you want a bag for it or would you rather cram it in your mouth here?"

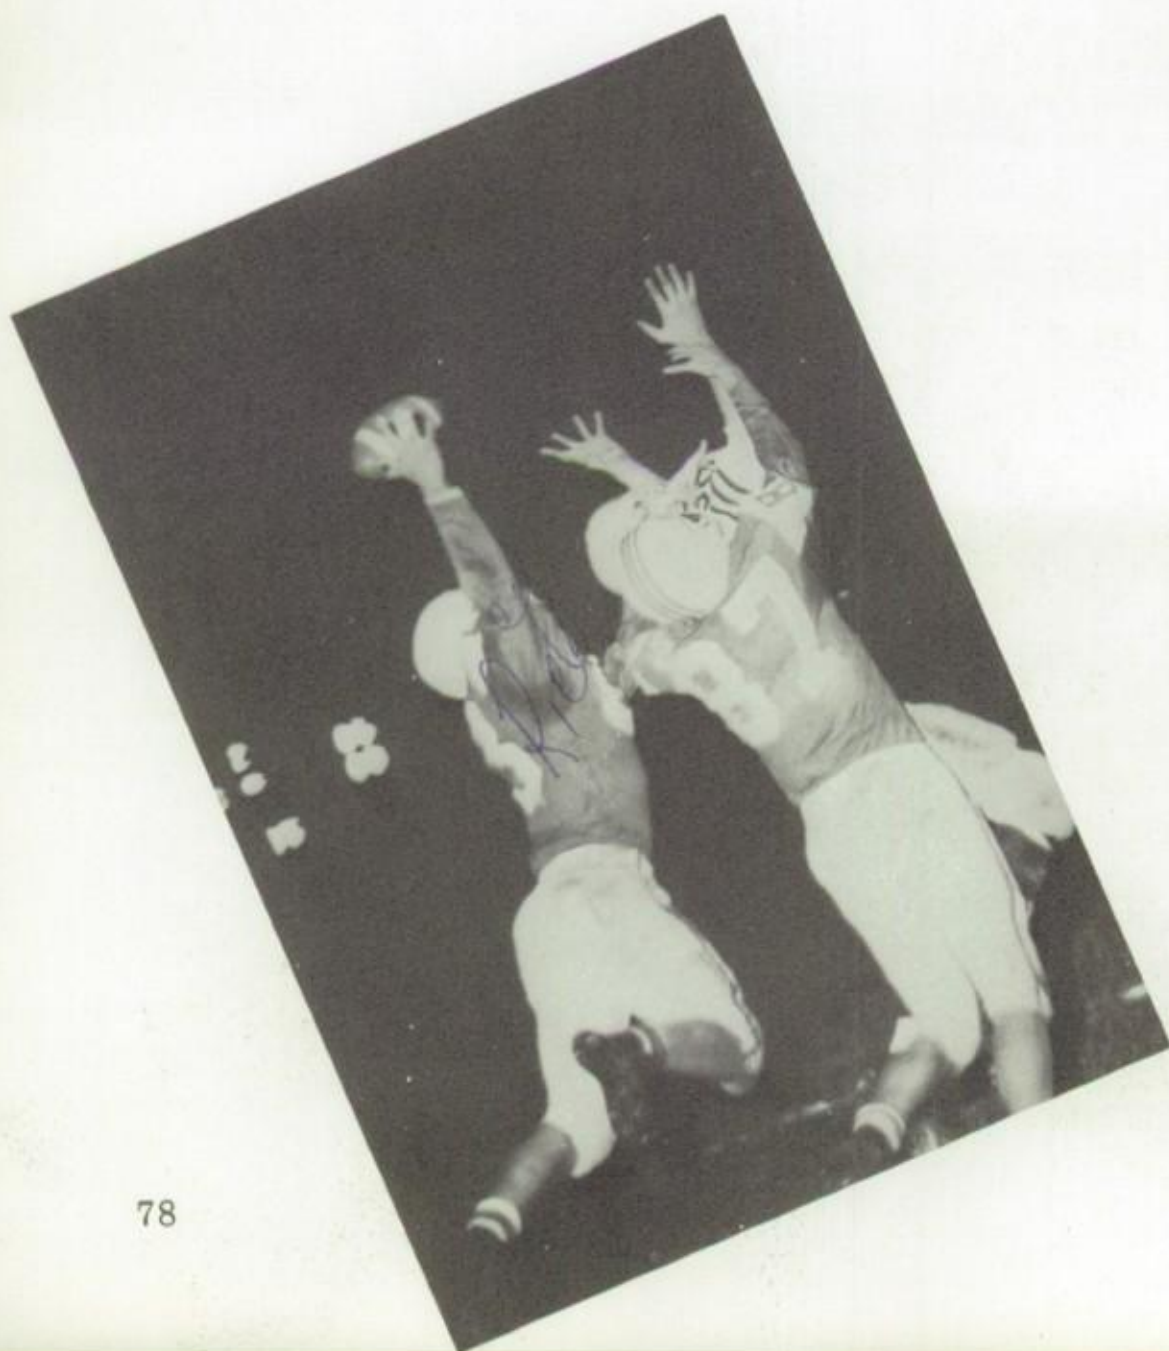

THE 1964-65 ATHLETIC SISTERS

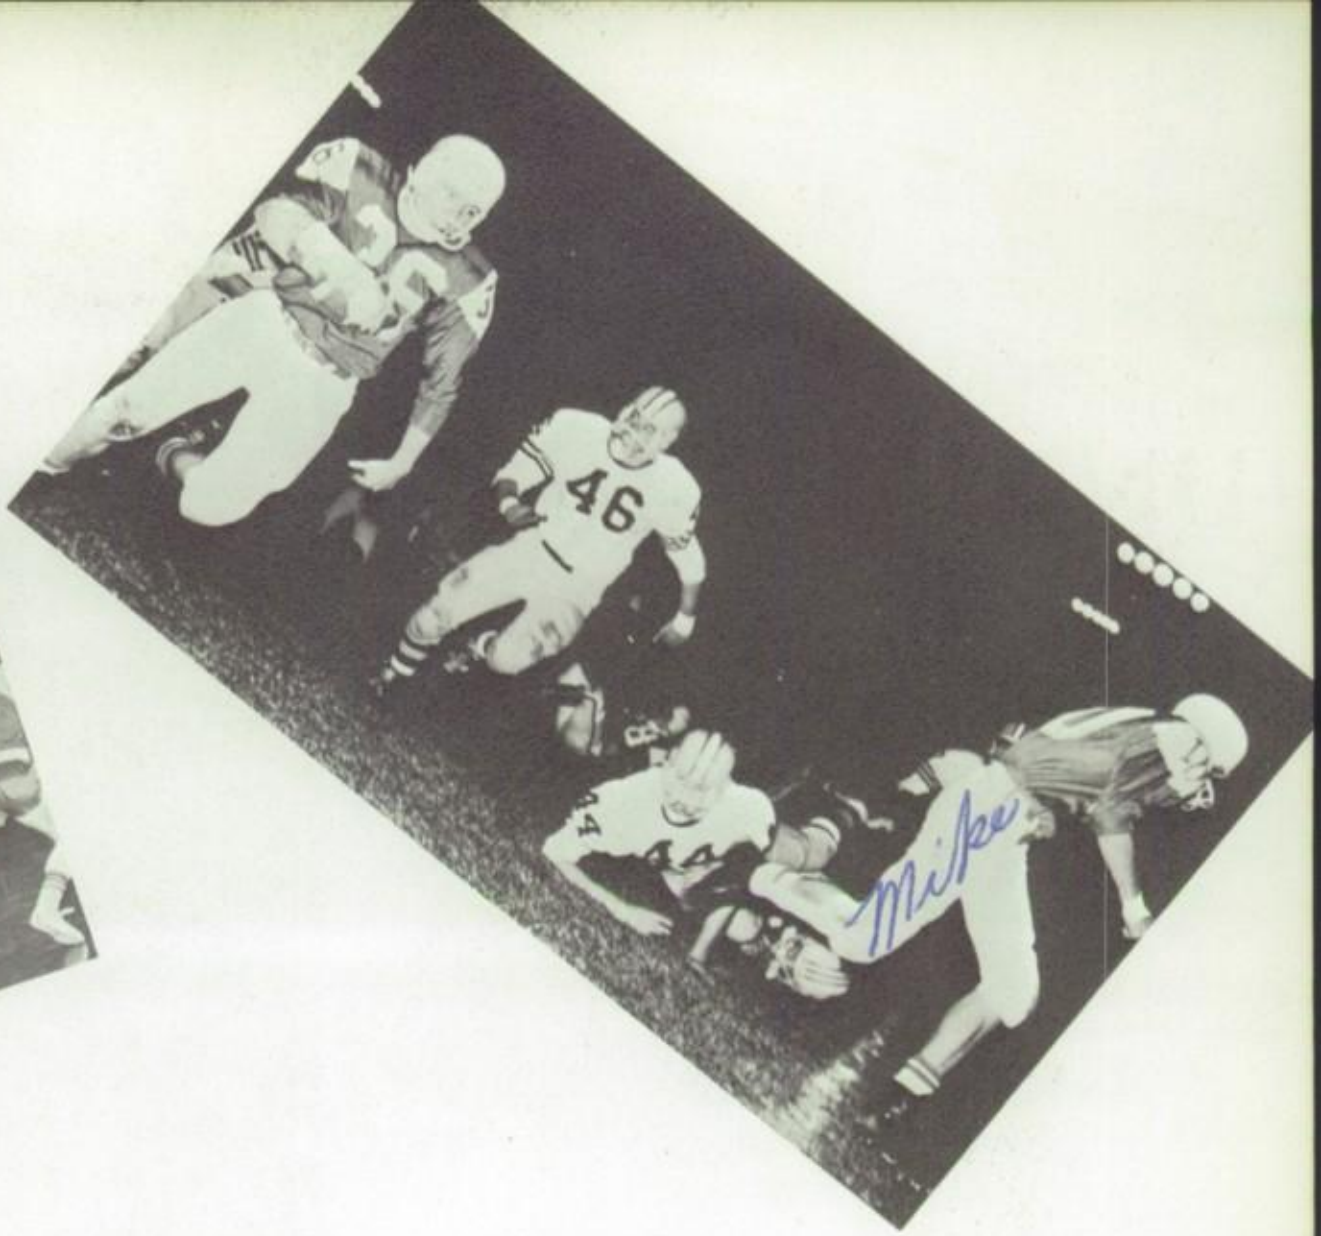

This year under the sponsorshipishness of Mrs. Van Lente, the Holland High Athletic Sisters have run the goody concessions (food and drink. . .coffee, that is) at the football and basketball games. The Athletic Sisters are good. They made money though, which goes to the GAA (like in girls' sport) and Varsity Athletics (like in boys' sport). We (the boys. . .in Varsity Sports) are quite proud of them because they are so nice (not denoting nicity of form but of purpose) and because they do make money. . .from the sale of afore-mentioned goodies.

"...And then he asked me if I had change for a Hern."

The "Little Kids" of Holland High School, or the "Class of 67," as they prefer to be known, have had a relatively quiet year as the heckling and mocking of the Juniors and Seniors has become nonexistent. The main activities of the Sophomore Class consisted of holding dances in the fieldhouse and rolling old ladies in Centennial Park. Odd as it may seem, not one Sophomore got lost in the boiler room looking for a class. One of them however did manage to get his hand caught in Mr. Bos' ice cream machine and consequently froze to death.

Well-represented in sports, the Sophomores have led their teams to winning seasons all year and it is expected that H.H.S. will be well represented in the coming years as a member of the new Valley Coast League.

Turned into our office this past year were certain items regarding the Sophomore Class, of which the following are a few:

Teachers have unanimously selected the Sophomore Class as the most likely to never graduate. This probably stems from the fact that only Seniors are graduated in June.

Two of their number have successfully completed the first grade. All the rest still hug their blankets.

Roughly sixteen percent of the Sophomore Class are absent every day which would lend itself to the assumption that eighty-four percent are there every day. They aren't.

The principal of this institution has demanded of each class that a "tight ship" be held. The Sophomores are doing their best to hold to the principal's wishes by remaining "tight."

JUNIORS HAVE EXCITING YEAR?

The Class of 1966 has had a relatively quiet year as they have not sponsored any of their now famous dances. It seems that the Juniors are becoming Seniors and have lost their appetite for the festive side of life. The 1965 Junior-Senior Prom held on May 8th was their prime project and, as much as the Seniors hate to admit it, the Prom was a smashing success. It was generally agreed among members of the Senior Class that, although no accolade great enough could ever be given the immortal Class of 1965, the Juniors came the closest on May 8th—a truly remarkable achievement.

Interesting items turned into this office concerning the Junior Class are the following:

Not one of them attended the First Feast of the Aardvark last year in Andover, Maine.

Over fourteen percent of them are descendents of an ancient race of Pygmies. One-third of one percent of them is a direct descendent of the jolly Green Giant and plays basketball.

One of their number was the first to witness the successful assembly of the pneumatic duck.

Ninety-three percent of them are 4.0 students in disguise. The other seven percent don't know who they are.

Only sixteen of them competed in the Regional Girl Scout Cookie Crumbling Jamboree. The three day contest was climaxed by selection of the biggest crumb. Holland students took away all honors.

SENIORS

Notice the photogenic Senior Executive Board. Left to right, seated, are Lorraine Miles, West Unit Vice-President; Karen Lubbers, West Unit Treasurer; Prudy Todd, West Unit Secretary; Bill Elenbaas, President; Nancy Gebben, East Unit Secretary; Bobby Hallan, East Unit Treasurer; and Pete Rector; East

Unit Vice-President. Standing (l-r) Thom Working, Pete Notier, Marianna Jonoski, Nancy Disser, Tom Williams, Nancy Fox, Jeff Green, Ben Phillips, Linda Dills, Linda Lound, Lon Aussicker, and Kathy Stamm. Color them ridiculous.

The Class of 1965 has given the administration and the faculty of Holland High School the best years of their educational profession. Somehow they find it hard to thank us for the pleasure of our brilliant observations in physics, our revolutionary contributions to the field of English literature, our spine-tingling treatises on the physiological nature of the cat, and our striking development of the Euclidian geometrical structure. We hold no malice for these oversights but rather congratulate the faculty on their achievement. It is not every school that can mold the raw framework of youth into the pinnacle of academic excellence. The Seniors are still looking for one.

The history of the Class of 1965 is one of obscurity. It was written by Herodotus and buried in a time capsule at the 1939 New York World's Fair. It was dug up by Snoopy two years later and turned in at the Nuremburg Trials as evidence for the German cause. The proceedings of this trial and the aforementioned evidence served as a basis for the popular stage production "Gypsy."
